

Qualification scholarship for master's students within the Cluster of Excellence „CUI: Advanced Imaging of Matter”

Questionnaire on other aspects

At CUI we value all members equally and respect and cherish individual differences. This next section gives you an opportunity to share aspects about your CV/life with us that go beyond your career path. You are encouraged to share; however, it is not mandatory.

1. Please indicate any other aspects of your life that influenced your academic path so far (e.g. family background, health-related issues, personal circumstances, language acquisition or any other additional barriers you had to grapple with during your studies)

2. Please tell us about anything else that you deem relevant and want to share about your previous academic journey.

3. Please indicate the highest educational degree (school degree, university degree or apprenticeship) of the caregiver(s) that primarily raised you:

Parent or caregiver 1:

Parent or caregiver 2:
